SHREE JI GLOBAL IMPEX

Manual Ring Making machine

Technical Specifications

Parameter	Specification
Ring Diameter	up to 500 mm
Wire Diameter	4 - 12 mm
Automation Grade	Manual
Production Speed	11-20 pcs/min
Wire Material	MS
Power Source	Manual
Ring Shape	Circular, Rectangle, Square & Triangle
Country of Origin	Made in India

SHREE JI GLOBAL IMPEX

The Manual Ring Making Machine is a hand-operated reinforcement bar bending machine designed for making circular rings, stirrups, and other curved shapes from reinforcement bars. The machine features a robust fabricated body, manual lever operation, adjustable bending arrangement, and replaceable/supporting components for convenient operation.

It is suitable for construction contractors, civil works, RCC construction, building projects, and reinforcement bar fabrication where small to medium quantities of rings and stirrups are required. Its manual operating mechanism does not require electricity, making it convenient for use at construction sites and workshops.
